Professional Summary

Software Engineering student with hands-on experience in building full-stack web applications using ReactJS, Spring Boot, and PostgreSQL. Developed production-ready finance and collaboration platforms featuring structured authentication, optimized REST endpoints, and improved business process flows. Strong interest in backend development, analytical problem-solving, and designing reliable server-side systems.

Education

R.M.K Engineering College , Chennai
B.Tech in Information Technology
Adhiyaman Matric Hr Sec School
Bio-Mathematics

2023–Present

CGPA:8.02

2021–2023

92%

Experience

SmartIndiaHackathon(SIH)2025

- Selected in internal hackathon: contributed to analysing the challenge, shaping the technical plan, and building the initial demonstration prototype.

2025

HackNexa2026—LikemindedProject

- Finalist: handled backend system design, authentication flow implementation, and development of high-performance API components.

2025

Projects

FinanceManagementWebApplication

- Worked as a Full-Stack Developer, implementing UI and backend modules.
- Built authentication logic, interest computation features, and persistent data handling layers.
- Added live gold and silver rate integration with automated monthly PDF generation.

Jun2024

CrowdSource—CivicReportingPlatform

- Served as a Backend Developer, defining REST API structure and designing service endpoints.
- Implemented issue submission, status tracking, and administrator update mechanisms.
- Tuned API response handling to improve access speed and reduce retrieval delay.

Feb2025

Likeminded—CollaborationPlatform

- Contributed as a Backend Developer, building modular components for the server architecture.
- Created authentication layers and user-role logic using Spring Boot.
- Added collaboration-focused APIs that support smooth interaction between users.

Sep2025

Technical Skills

Languages: Java

Frameworks: Spring Boot

Tools: Git, VS Code, Postman

Other: REST APIs, JWT Authentication

Certification : ORACLE JAVA SE 17 DEVELOPER
